Mr. Wildie Teo
Director
AIR eMage

Dear Wildie,

I was initially sceptical on the usefulness of using an air purification system but your company's All Natural Air Purification System changed my mind. The results were simply astounding even after only half-a-day. The air in areas deployed with your product was odour-free and in its place, the fresh scent of Tea Tree Oil.

We cannot wait to try the other aromas in your collection and would not hesitate to recommend your company's All Natural Air Purification System to other pre-school operators.

Yours sincerely,

.....
KK Tay
Director
